

The 10th WIACO: 19th to 22nd September 2012

Celebrate its 40th anniversary with us in Paris!

Our Motto: "Insulation: our contribution to a sustainable world"

With a focus on 'energy efficiency', the topics for technical presentations will be, amongst others:

➤ Acoustics

- Effects of thermal insulation measures on the acoustic performance
- Impact of poor insulation on well-planned acoustic designs
- Optimisation of the planning and the design of a concert hall

➤ Insulation

- Thermal solar power plants
- DESERTEC
- Nuclear insulation (tighter safety measures)
- Experience with energy audits
- Carbon footprint and insulation
- Activities against corrosion on insulation

It is with great pleasure that the FESI and France are preparing to welcome many of you to the WIACO Congress in Paris.
